

1. Populate drop down with service list e.g. look at indiafilings.com

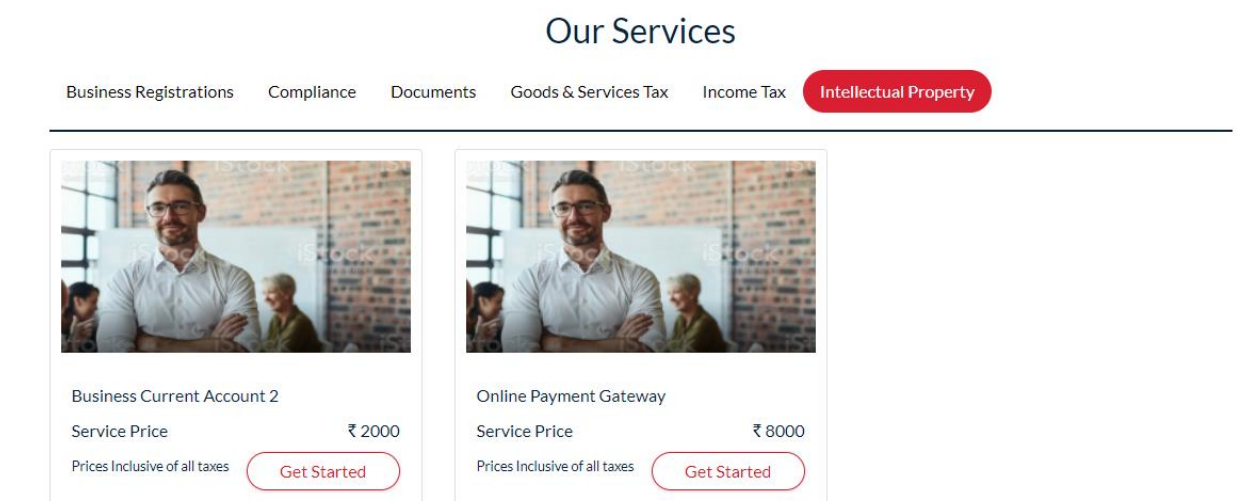

2. Change font color to white on red background

3. Make background a little grey so that it is not merged with white color in next section. Also countries should be populated from backend.

4. Photos should be dynamic and on clicking a photo as well we need to take to the next page

## 5. Features and text should come from backend

### Feature Label

Some quick example text to build on the card title and make up the bulk of the card's content.

### Feature Label

Some quick example text to build on the card title and make up the bulk of the card's content.

## 6. List of client/images should be populated from backend

### Our Clients

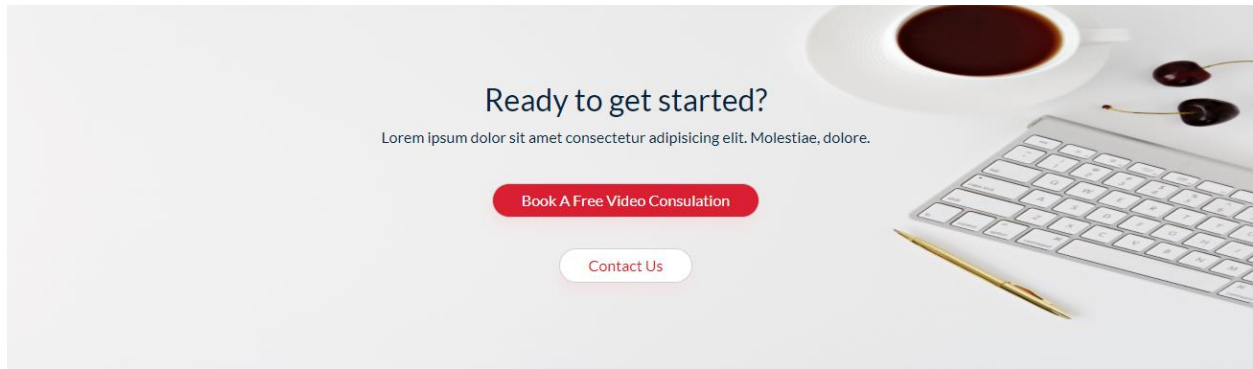

## 7. Populate client reviews

### Customer Reviews

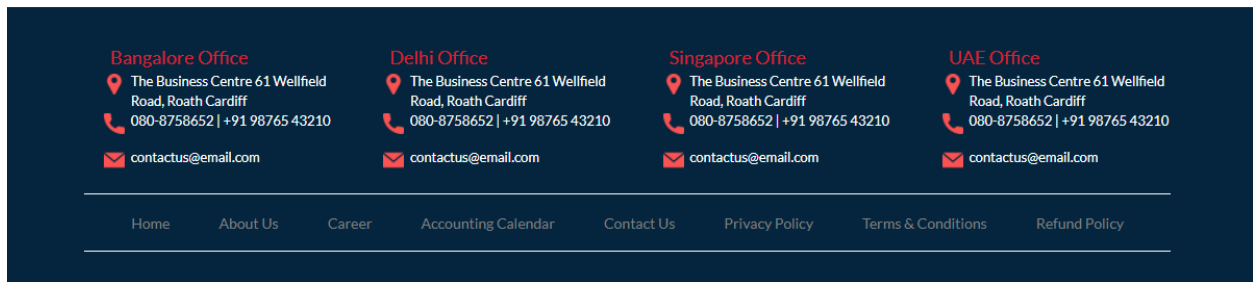

## 8. On clicking "Book a free Video Consultation" booking form should open, similarly for "Contact Us"

9. Gaps between lines to be improved

- a. Increase gap between top line and 2<sup>nd</sup> line I.e. “Banglore Office” and address
- b. Similarly increase gap between address line and phone number

10. On this page

- a. Currency should be displayed
- b. Input boxes should be visible
- c. Note below button should say “Note: On successful receipt of payment, you will get an email and sms containing your login details. In case you do not receive email/SMS please call on +91 9876543210” and our team will assist you.
- d. White color of boxes is merging with next section, either we show border or put a little grey background.
